## **Refusal of Delivery:**

If a package is refused for delivery, the customer will be responsible for the actual shipping charges incurred by Belt Drives Ltd. Once we have received the package back in our warehouse, we will issue a credit to the original credit card, for the purchase price less the actual shipping

cost of shipping the package to you.

The purpose of this is to defray unnecessary shipping costs and to allow us to offer the lowest prices possible. This does not apply to packages that appear to have been damaged in shipping.

**Incorrect Shipping Address Provided:**

Packages that are returned or shipped with an incorrect address provided by the customer will be subject to an additional \$5.00 shipping charges. This is the cost we incur from UPS when a shipping address is entered incorrectly. Orders that shipped to the incorrect address and delivery is subsequently refused are also subject to actual shipping charges.

Once we receive the package back in our warehouse, we will issue a credit to the original credit card for the purchase price less the actual shipping cost. This shipping charge will apply even if you were not originally charged shipping under a free shipping promotion. Requests for packages to be shipped again will be subject to actual shipping charges.

**International Shipments**

Sorry, but we no longer ship to customers outside of the United States.
